

## Diary of Pain (Words & Music Kjetel A Idland )

All It took was a little try  
To end this day on a natural high  
Cause we can live  
For sure do feel  
Take us home, keep It real

So good by quick fix, don't shoot up  
Pray for It all in the end  
Save some crying and save some tears  
To end silence and have no fear  
Yeah yeah  
Cause we can live  
For sure do feel  
Take us home, keep It real

Stand together, share some real love  
Take care of your self when stoned  
Don't mind what said, stand tall  
And write some words in this diary of pain  
Yeah yeah  
Cause we can live  
For sure do feel  
Take us home, keep It real  
Yeah yeah yeah yeah yeah yeah  
Yeah yeah yeah yeah yeah yeah  
Cause we can live  
For sure do feel  
Take us home, keep It real
